→ **Mrs. Oksana Polianskaja joined the team of EBC\*L International**  
(01-05 2008)

Hello!

My name is Oksana Polianskaja and I very recently joined the EBC\*L team as a new Key Account Manager of the International Department for Eastern Europe.

My mother tongue is Russian. I have been living in Austria for 16 years and can say that in the meantime I became a multicultural person. I speak German and English as well and am able to communicate with representatives of various Slavic countries.

Previously I worked for several international companies and I hope my international business experience will help EBC\*L to successfully grow in many countries especially in the East.

I am glad to be a part of EBC\*L team now and look forward to our great team-work in future.
